Registered Apprenticeship in Maryland
Official Definition

Apprenticeship is an earn-and-learn strategy combining on-the-job training with related (classroom) instruction, blending the practical and theoretical aspects of training for highly-skilled occupations.

Apprenticeship programs are sponsored voluntarily by a wide range of organizations, including individual employers, employer associations, joint labor-management organizations, and other workforce intermediaries.
The position must meet the training criteria below. The occupation can be in a traditional or non-traditional occupation.

**Key Components**

► **On-the-Job Training (OJT) must:**
  ► Consist of at least 2,000 hours per year of the apprenticeship.
  ► Take place at the work site under the direction of a highly skilled journeyworker(s).

► **Related Instruction (RI) must:**
  ► Have at least 144 hours of related instruction per year of the apprenticeship.
The required apprenticeship terms noted on the prior slide may be measured by any of the following approaches.

► **Time-Based Approach:**
A method that measures skill acquisition through the individual apprentice’s completion of at least 2,000 hours of on-the-job learning as described in a work process schedule.

► **Competency-Based Approach:**
A method to measure skill acquisition through the individual apprentice’s successful demonstration of acquired skills and knowledge, as verified by the program sponsor.

► **Hybrid Approach:**
A method to measure an individual apprentice’s skill acquisition through a combination of a specified minimum number of hours of on-the-job learning and the successful demonstration of competency as described in a work process schedule.
Business Involvement: Employers are the foundation of every registered apprenticeship program.

Structured On-the-Job Training: Apprentices receive on-the-job training from an experienced mentor for typically not less than one year.

Related Instruction: Apprenticeships combine on-the-job learning with technical education at community colleges, technical schools, apprenticeship training schools provided online or at the job site.

Rewards for Skills Gained: Apprentices increase in wages as they gain higher level skills.

National Occupational Credential: Registered apprentices increase in wages as they gain higher level skills.
Benefits of Registered Apprenticeships

An industry driven method proven to attract, train and retain a highly skilled workforce

**Businesses and Industry:**
- Create Highly Skilled Employees
- Increased Retention
- Recruitment Tool
- Attract women, minorities and veterans

Basic Requirements

► Anyone 18 years or older who meets the program specific qualifications can be a registered apprentice. However, some programs allow individuals 16 years and older with parental permission.

► You must be physically able to perform required tasks and have access to transportation.

► Most, but not all, Registered Apprenticeship programs require a high school diploma by means of high school graduation or successful completion of the GED® Test or National External Diploma Program®.

► You may have to pass specific tests in math and English. Individual program requirements may vary.

Apprenticeship Locator

• The locator includes only active apprenticeship opportunities, ensuring job seekers find just those programs seeking to hire apprentices, and employers locate only those sponsors that are currently working within their industry.

• There are more than 90 Registered Apprenticeship sponsors and 45 employers participating in the youth Apprenticeship Maryland Program listed within the locator.

• The scope of information available in the locator includes: program name, counties where the program is available, type of program, occupation, industry, program contact information, job description, length of program, and minimum age for candidates.
Welcome

The Maryland Apprenticeship Locator is designed to help you find apprenticeship opportunities near you. This locator includes only the programs that are currently seeking to hire apprentices. Please check back regularly as new opportunities may become available.

Note: The Maryland Department of Labor does not place individuals into apprenticeship programs. Sponsors and/or employers hire apprentices directly. You must contact the apprenticeship program sponsors directly to find out the application requirements.

Select the county or counties where you are interested in working as an apprentice.

Counties*: View Map
- All Counties
- Allegany
- Anne Arundel
- Baltimore City
- Baltimore County
- Calvert
- Caroline
- Carroll
- Cecil
- Charles
- Dorchester
- Frederick
- Garrett
- Harford
- Howard
- Kent
- King George
- Queen Anne's
- Prince George's
- Somerset
- St. Mary's
- Talbot
- Washington
- Wicomico
- Worcester

Please select the type or types of apprenticeship in which you are interested in working. Regular apprenticeships are generally available to individuals 18 years of age and older. Youth apprenticeships are available to high school students in certain counties through their school system.

Type of Apprenticeship*:  
- Regular
- Youth (High School)
- Both

Would you like to search by occupation, industry or sponsor? Please select one. You will be able to narrow your selection from all of the available occupations, industries or sponsors after you select the CONTINUE button.

- Occupation
- Industry
- Sponsor (A sponsor is a business or association that manages a registered apprenticeship program.)
